

Dear Customer,

As you may know, our prices for new Vigil units, spare parts and battery replacement have remained unchanged over a long time. AAD Vigil has always had the ambition to keep those as beneficial as possible for our customers.

However, due to the economic global situation and general price increases of raw materials, we are now unfortunately forced to inform you of a price increase of our products.

We sincerely thank you for your trust in our products and hope for your understanding.

If you should have any questions or concerns, please do not hesitate to contact us.

Blue skies,

Your Vigil team
